

It's almost time for your arrival.. We are very excited to host you. As a brand new pousada & Villa we are committed to providing you with a 5* experience ;).

We, Leticia and Herbert, fell in love with each other and Guriú a couple of years ago and we decided that this place was going to be our home - at least during the wind season. We spent several seasons in Guriú and in 2022 we bought land and started dreaming about a pousada. Spoiled travelers as we are, we wanted to accomplish perfection in every detail. We believe we managed to do just that, and we hope you will agree after your stay. In case anything is not to your liking, or you experience any inconvenience, make sure to tell us as soon as possible, as we go to great lengths to make sure you will have an unforgettable stay.

Leticia and Herbert live nearby (<https://maps.app.goo.gl/Gy8oPLGc6Vk5ucaq6>) and we are available through whatsapp from 8:00 till 21:00. In case of emergency you can also call us outside availability hours. Reach us on whatsapp (call or text) via <https://wa.me/+5531998172025> or call us on regular cellular network [+5531998172025](tel:+5531998172025). Everything there is to know about 4CQ you can always access right here: www.thesurfr.app/4cq

We look very much forward to your arrival, kind regards,
Herbert & Leticia ♥

Below you find more General information, Activity information and Restaurant information

General information

Wifi. We offer high speed (up to 400MBPS) WIFI on all of the property. The wifi name is 4CQ and the password is: *wheredetailsmatter*

Transfer. In case you need help with arranging a transfer, please let us know; we are happy to assist. In case this is already discussed and confirmed, no need to reach out again.

Arrival in Guriú. Just to make sure we share the Google Maps pin of our pousada here: <https://maps.app.goo.gl/oJLm3GpnJjGtJ8eBA>

Check-in/Check-out: Check-in between 3PM and 9PM. If you arrive earlier no problem, and you can use all of the facilities but your room might still be in preparation. Check-out until noon. Please let us know your approximate arrival time when it's known to you.

4CQ restaurant. At 4CQ we have a dynamic and varying food offering. Of course every day starts with a great breakfast. Also we serve a Lunch menu and Drinks on most of the days. In addition we have themed Dinner Nights occasionally. More information on how we operate the 4CQ restaurant, and all relevant menus can be accessed through the linktree: www.thesurfr.app/4cq

Kitchen/facilities. The kitchen and facilities in the kitchen are solely to be used by the staff. Outside restaurant hours you can take drinks whilst noting your consumption on a paper next to the fridge.

Pets. 4CQ is pet free and pets are not allowed. Although we are pet-lovers we are pet-free to account for other guests and potential allergies. In case you rent 4CQ as a whole / group exceptions are possible, but this needs to be discussed beforehand.

Storage. Every room has its own locker that you can use to stow away all your (kite) gear.

Phone in room/automation. Every room has a smartphone available that you can use to turn on/off some lights, use the Airco, and turn on/off the hydrojets in the jacuzzi.

Jacuzzi. To preserve warmth the jacuzzi is covered when not in use. Feel free to remove the cover anytime you want to use the jacuzzi. Please put the covers back when leaving the jacuzzi. We don't have a closing time for the jacuzzi but we would like to ask you to respect other guests in case they are sleeping and limit the noise and volume of conversations. The jacuzzi fits up to 6-7 people depending on how cozy you want to sit. Please consider the wishes of other guests if applicable.

Gym. 4CQ offers a basic outdoor calisthenics gym and is available for 4CQ guests only. There are also yoga/workout mats available on request.

Co-Working. Next to the common area there is an office that is air conditioned and offers a desk and some chairs. Ideal for some morning work before exploring Guriú!

Housekeeping. Housekeeping will clean your room between 11:00 and 15:00 when you are out. Please hang your towels if you want to reuse them, leave them in the washing basket if you want to have them washed. By reusing towels you help us limit our environmental impact. Bed sheets are washed every 3-4 days or upon request.

Laundry service. We can wash your clothes on request. Ask the staff for more information & prices.

Water Not Drinkable. The water is not drinkable. Although locals drink the water, we don't recommend it. Instead use our complimentary cooled water that is located in the kitchen.

Quad usage. Depending on availability you might be able to use one of the 4CQ quad/atvs for rides from/back to the kitespot. Although the kitespot is within walking distance, a quad is always the faster way. In case there is no quad available for self-usage we also offer a car/quad based shuttle to drive you from/to the kite beach any time you want. Our staff will drive you upon request.

Quad rental. If you want to have a quad for yourself that you can also use for other causes (trips to nearby villages/spots) please let us know so we can help you rent one.

Pool table. We offer a high quality professional pool table. The pool table is open to be used by everyone. Please don't sit on the table and treat the table with care.

Massage. We work with local people that offer decent massage services. We have two options with 2 different massage menus. In our opinion both are excellent masseuses and we highly recommend their services to you. They will come to 4CQ for the services. We will share massage options separately.

Safety & Cameras. Guriú is one of the safest places around. We forgot stuff several times on the beach 🏖️, and all those times it was returned to us. Most people take more stuff to the beach, like extra kite sizes, and leave it on the beach while kiting. Although we never heard of stealing, like any other developing place it's a matter of time that it will happen for the first time. As we don't want you to be the first one it happens to, we recommend not to take extra gear to the beach. If you want a kite-swap our driver can take it for you from the pousada.

The pousada gates are locked after 9PM and you will have a key for the front gate as well as for your room and your locker (3 keys in total). Please lock the door behind you after 9PM when leaving or entering 4CQ. On our terrain we have multiple cameras that act as surveillance in the public areas including the common area, locker area and pool area. It goes without saying that (for privacy reasons) there are no cameras in or pointed at any of the rooms.

Bringing friends. Meeting new people, making friends and having fun together is what we all like. But we want to avoid that non guests occupy facilities that therefore are not available to 4CQ guests. Please be considerate about that as 4CQ is a small and cozy boutique pousada. To make sure we respect other guests, please check with Leticia in case you want to bring more than 1 friend. Rest assured, we are super flexible with this as we love socializing ourselves but we will always prioritize 4CQ guests over non-guests. *When rented as a group you can bring other people without a problem, but when organizing big parties please consult 4CQ as we have neighbors as well.*

Music. 4CQ has music playing around the pousada respecting the wishes of our guests. For that reason it's also not allowed to play your own music except on a reasonable volume in your room. Exceptions are possible, this depends on the guests' dynamics. *When rented as a group you can play your own music, and use the speakers of 4CQ, as long as you are considerate with our neighbors.*

Noise. Guriú is a local village and we live amongst locals. In general our area is very quiet, but nothing is 100% predictable in Guriú. In case a neighbor decides to turn up the volume beyond acceptable levels, reach out to us and we will try to sort it out.

Although we made big efforts for noise insulation in our rooms, you might hear some sounds from outside. Therefore we also ask you to keep the volume low till 9AM in the morning so other guests will be allowed a well deserved morning sleep-in.

In any case, although it should rarely be needed, we also provide you with personal ear plugs just in case you are a light sleeper and something keeps you awake. You will find these in the drawer next to your bed.

Information for Groups. If you rent 4CQ as a private villa, all facilities are exclusively available to you, and there will be no other people on the property. For groups, breakfast and cleaning are included as well. For lunch/dinner and drinks, you can make use of the standard 4CQ restaurant options (info & menus available separately). Alternatively you could also go for:

1. **Personal Staff*:** A common approach in Brazil is to have someone available to cook to your order, based on what you want. This would be a local cozinheiro who is primarily skilled in preparing local food (lunch & dinner). You can buy the ingredients yourself or have the cozinheiro purchase them for you. Please note: unlike our restaurant staff, the cozinheiro is not trained by 4CQ. We strive to select individuals with proper skills, but this can be a challenge in Guriú. Additionally, it's possible to have our barman privately available for drinks. **Please inform about prices and availability at least 14 days before arrival**
2. **Cook Yourself*:** You also have the option to cook for yourself using all of the kitchen facilities. In this case, you would bring or buy your own ingredients and prepare your own lunch/dinner/drinks.

*You have to provide/buy the ingredients yourself. You can use all ingredients (such as herbs) that are available in the kitchen except for the drinks. In case you take drinks from the 4CQ restaurant (fridge) please make sure to refill whatever you used before you leave, otherwise an additional restaurant charge (at restaurant menu prices) will apply.

Other restaurant options

There are a few decent options in Guriú as well. Many of them are more local, simple and cheap. We can't speak for other people's taste but in general we would recommend (please chat with us for a more personal/up to date recommendation):

- **Casa Uca** (10 minutes walk). One of Guriú's first pousadas at a beautiful location offering great food. https://www.instagram.com/casa_uca
- **Fly Guriú** (8 minutes walk). A mix of Italian and Brazilian dishes, a new place that offers nice sandwiches for lunch. Also offers Pizza. www.instagram.com/flyguriu
- **Ankura Bistro Bar**. Another brand new place that offers reasonable food as well. A Greek restaurant that also serves pastas. Lots of good tastes, the quality of the meat varies a bit and one night can be better than other nights. <https://www.instagram.com/ankurabistrobar>
- **FWY Espetinhos**. Next door to us there is a very local place offering typical Brazilian food such as rice, beans, and the traditional espetinhos: all kind of meats on a skewer. This is the budget option which is reflected in the quality of the dishes.

You will find the menus of the restaurants on our linktree: www.thesurfr.app/4cq

For Lunch / drinks, you also have the option to explore the mangroves walking and stop at the several bars for a drink. If you go for food at one of the bars during lunch. Make sure to ask for the catch of the day, like that you will make sure you get your food fresh and timely. A nice place is **Raizes do Mangue** that often offers fresh lobster and crabs that you can choose from the crab tank. These restaurants are in general not open for dinner.

Activities.

Guriú is a quiet fisherman village and more and more activities are being started up. Some highlights that we can assist you with are described below.

Kiting & Lessons

Guriú is one of the very best kite spots of Ceara offering flat water and waves. Herbert, founder of the Surfr. app that kites in Guriú for years almost on a daily basis knows every detail about the spot and will give you some tips on how to escape the crowds and have some amazing sessions at any tide. In general low tide and medium tide offers the best flat water conditions, but even at higher tides you can easily enjoy yourself at the spot.

We will explain the spot, including some basic ground rules agreed with locals and schools, to you in person as well as where to launch the kite safely. At the beach there are limited facilities so make sure to pack some water or drinks before you go.

We work primarily together with JB Pro center from Tatajuba that features world class IKO certified kite lessons with top notch equipment. It's the safest and fastest way for you to learn kiting or progress your kiting. Please let us know if you are interested and we link you up with the

right person at the JB Pro center. More info on <https://www.jeremyburlandoprocenter.com> and <https://www.instagram.com/jbprocentertatajuba>

Sunset downwinder Guriú - Tatajuba + Dinner.

A short, easy and beautiful downwinder is from Guriú to Tatajuba. The driver brings your clothes in a car and upon arrival in Tatajuba you can get changed at Sunset bar. There you enjoy some drinks while admiring the sunset. After that you have dinner options in some of our favorite places: **Sunset** Restaurant (simple but good), **Tatadise** (the best restaurant of Tatajuba, where Argentinian Chef Luciano cooks some unbelievable meat, fresh fish and veggies at the BBQ), **La Ventana** (also one of the very best dining options in Tatajuba offering more sophisticated dishes) or **Kitejuba** restaurant (our friends have a very nice pousada with amazing food there).

Advanced downwinder from Prea to Guriú.

This one requires more experience and a guide should join in case you are not familiar with this downwinder. You leave around noon to Prea where you stop at arguably one of the best restaurants of Prea, with amazing food and great scenery: **Rancho do Kite**. It's next door to the famous Rancho do Peixe, which also offers great food. These days we prefer the food and the view of Rancho do Kite. After the food and some relaxing, the journey back to Guriú starts. Arrive around sunset time in Guriú, and arrive back in 4CQ where a hot jacuzzi will be waiting for you. Minimum level for this down-winder requires: solid upwind body dragging, being able to do self rescue (rolling your lines in the water), being able to down-loop your kite to pass low wind sections and keep up with the group.

Jeri night(s) out.

Jericoacoara is next door to Guriú (separated by the Guriú river) and offers a plethora of restaurants and also a great party scene. From **Origem**, a cozy outdoor club featuring electronic music to a much more Brazilian **Samba** or forró experience. **Cafe Jeri** is probably the most famous, and it's the go-to for sunset drinks and sunset vibes. There are many food recommendations for Jeri, and we would like to recommend restaurants in person to you based on your preference. We will then also arrange a buggy ride for you and your company to/from Jeri (as it includes the crossing of the Guriú river mouth at night).

Other activities

There are also more touristic activities possible around the region. The activities mentioned before are definitely unique experiences, but if you want to go all the way touristic, there are nice excursion options around the region. This includes: Lagoa Seca, Lago do Paraiso.

4 COQUEIROS

G U R I Ú

Did you know?

Our high pressure showers are practically climate neutral! We pump the water up from a 30 meter deep well, which then gets heated by solar panels. From there it arrives in the high pressure double showers, only for the shower water to be absorbed back into the soil. Then it will take some months of filtering through many layers of sand before it might reach our well again.

Shower as long as you want, without any climate guilt :)
