

# List of compatible Android phones for Surfr.

This means the phone is compatible but because of the max. range (4G) not ideal. Make sure your next phone is a 8G or 16G one :)

## Disclaimer:

We did not actually test all the listed phones. These phones are from technical point of view compatible but you can only be 100% sure after the first session ;)

This list is derived from registered phones on the Surfr. App. So this list is not complete. If a phone is not listed it might still be compatible. We will update this list once a month, so with the growing amount of users it should be pretty complete rather soon.

Range\* = is the max amount of G-Force this phone can register. When deviced by 9.81 you will get either 4G, 8G or 16G.
